

From Penny Young

Dear Diana,

You two sat beside me in the Assembly Hall at our last reunion. I remember being very moved just by being there, and whatever was being said by the speaker. I turned to Ted and confided, "I have tears in my eyes..." to which he gently replied, "I understand." That so touched me, and told me fathoms about the kind of man he was.

Just the other day that sweet exchange came back to me, and I hoped I would see him again at a future reunion. You were married to an exceptional human being, Diana, as was he. My heart hurts for you that you've lost him. May God bless you and your family profoundly as you heal...

My love,

Penny Young
